

COVID-19 PROTOCOLS & RISK MITIGATIONS ENFORCED FOR THE 2022 CANADIAN TRACK CHAMPIONSHIPS

September 1–3, 2022

DAILY HEALTH SCREENING

Self-monitoring for symptoms continues to be an important element that Cycling Canada recommends for any event. All participants of the 2022 Canadian Track Championships (athletes, coaches, volunteers, officials, event staff, media) are asked to complete a daily COVID-19 self-screening questionnaire before arriving on-site via [HealthO](#), which will also require name and contact information for contact tracing purposes. If a participant has failed their daily health screening, they will see a Red Screen and should not enter the facility. The information and next steps will be instructed from there and emailed to the participant and the Odyssey Medical Health & Safety Team.

Any participant that is no longer able to make it to the event must contact the appropriate person as specified below:

- **Athletes and coaches:** to contact the Technical Delegate (jolene.dupuis@cyclingscanada.ca)
- **Volunteers:** to contact the Volunteer Coordinators (jackie.chan@ontariocycling.org)
- **Officials:** to contact the Technical Delegate and PCP (jolene.dupuis@cyclingscanada.ca)
- **Event Staff:** to contact the Event Organizer (jolene.dupuis@cyclingscanada.ca)

FACE MASKS & PHYSICAL DISTANCING RECOMMENDATIONS

All participants **in the infield** are strongly encouraged to wear a mask (covering their nose and mouth) at all times, with the following exceptions:

- When any person is eating or drinking;
- Athletes who are going up to the track to race; or
- Athletes that are riding on their rollers or trainers.

Knowing that physical distancing of 2m cannot be respected at all times, we do ask that an effort be made as much as possible.

SANITIZING STATIONS

Various sanitizing stations will be located throughout the infield at key locations.

AWARDS CEREMONIES

All awards ceremonies will be conducted in a *self-serve* manner. Event staff will place the medals and jersey on the table beside the podium (left side when looking at the podium). The athletes will grab their award from the table and proceed onto the podium. Masks can be removed quickly for a podium picture.

SPECTATORS

Spectators will not have access to the infield at any point and must remain on the 3rd floor (concourse).

Note: This event, like all other participation events, is subject and will comply with all local and procedural requirements. The requirements may change without notice. Visit the [event webpage](#) for all updates.
