

Policy on Operational Committees

Original version approved: February 2020
Current version approved: September 2022
Date of next review: February 2025

Policy No: 03-3

Pages: 9

1. GOAL

- 1.1 To provide guidelines for how Cycling Canada (CC) staff select and work with volunteers who serve on Operational Committees.

2. PRINCIPLES

- 2.1 As part of a deliberate transition to a policy-based governance structure, the CC Board recognizes that the primary role of paid professional staff is to execute the Strategic Plan with considerable autonomy.

The CC Board also recognizes that given the large diverse scope of cycling sports in Canada that it remains vital to gain the input and support from a network of engaged volunteers across the country to create the best chance of success in meeting those Strategic Plan objectives.

Therefore, the CC Board believes that the selection of the most effective operational committee members is achieved through a robust appointment-based selection process based on evaluation of skills, overall makeup of each committee.

3. FIELD OF APPLICATION

- 3.1 This policy applies to staff and volunteers associated with both high performance and three development related Operational Committees as defined below.

4. DEFINITIONS

- 4.1 **Strategic Plan:** The long-term plan developed through collaboration with stakeholders and which is monitored and updated periodically.
- 4.2 **Operational Committees:** Groups formed under the direction of senior staff with a specific mandate such as, but not limited to: High Performance, Officials, Events, and Coach Development.

5. POLICY STATEMENT

- 5.1 The CC Board empowers the CEO, and assigned staff, to appoint and manage Operational Committees in accordance with CC policies and guided by the Strategic Plan.

6. PROVISIONS

- 6.1 **Terms of References:** Detailed Terms of Reference for each of the Operational Committees is included in the Appendices and forms part of this policy. Review and updating of these Appendices is the responsibility of senior staff and the CC CEO with final approval by the Board.

6.2 **Composition:** Committee size is flexible based on the ability to find a competent cross-section of skills. Committee size is expected in this range:

- 6.2.1 High Performance: Eight to ten members including a chair and one Athlete Council appointed representative. Sport specific sub-committees may be formed from within committee members on an ad hoc basis, as needed.
- 6.2.2 Event: Four to six members including a chair.
- 6.2.3 Officials: Four to six members including a chair.
- 6.2.4 Coach Development: Four to six members including a chair.
- 6.2.5 In addition to the appointed committee members, committees may invite additional guests, with specific expertise, as needed from time to time.

6.3 **Committee Skills Matrix:** A matrix of desired committee member skills is included in the Appendices and forms part of this policy.

6.4 **Selection Process and Timing:** This section outlines a recommended process in selecting committee members, recognizing that flexibility may be needed.

- 6.4.1 Timing: The committee selection process starts at the end of each season and should be completed by February, if possible.
- 6.4.2 Initiation: The selection process is initiated through an open 'expression of interest' call for volunteers together with directly approaching known individuals with potential qualifications and skills. Interested persons may provide information supporting their expression of interest but detailed resumes are not mandatory.
- 6.4.3 Rotating two-year terms: Approximately half of the committee members are selected each year to provide continuity and renewal. There are no specific term limits, but renewal is desirable and any member wishing to remain on the committee must go through the same appointment process for each term.
- 6.4.4 Chair: The chair of each committee will be selected every two years. Where practical, the Chair will be selected prior to selection of remaining members and will assist with that selection.
- 6.4.5 Selection Committee: The selection committee will consist of responsible senior staff person, one additional staff member, plus the committee chair, once selected.
- 6.4.6 Selection Decision: The selection committee will meet to select the best mix of committee members based on scoring candidate skills against the matrix in the attached appendices. The selection committee may seek additional information, if needed, but formal interviews are not necessary.
- 6.4.7 Approval: The final selection of all committee members is subject to review and approval of the CEO/Executive Director.

6.5 **Removal and Replacement:** All committee members are expected to attend meetings, stay informed and engaged and generally contribute in their areas of expertise as much as possible while following all CC policies including, but not limited to, the Code of Conduct, Confidentiality and Disclosure and Conflict of Interest. Should any committee member fail to meet the expectations of senior management, then removal and replacement, subject to CEO/ED review and approval, will be undertaken as soon as practical to ensure continuity and effectiveness of each committee.
