Unless expressly stated in the Specific Selection Criteria, selections are subject the General Selection Criteria in Section D.

This policy also refers to the following documents found in the [Athlete Resources](#) section of the CC website:

- Coach Panels
- Athlete Fees Policy
- National Team Athlete Handbook
- Appeals Policy
- Cycling Canada Track Time Standards
- Canadian Championship Attendance Policy

SECTION A – GENERAL INFORMATION

The 2026 Commonwealth Games will take place on July 23 to Aug. 2, 2026, in Glasgow GBR.

Unlike previous Commonwealth Games, the 2026 edition will only include track cycling and para-cycling track events.

Cycling Canada's team composition was determined based on the Commonwealth Games program of medal events; the international calendar; UCI ranking points and World Championship qualification; and the financial and logistical support available to attend the Games.

Canada will place its greatest focus on the Track Sprint events – Including the Team Sprint, Sprint and Keirin – and on the individual Track Endurance events: the Points Race, Elimination Race, Scratch race and the Individual Pursuit. Canada will also enter the 1,000m Time Trial.

Due to limitations on Canada's quota, the fact these events do not count towards Olympic and Paralympic qualification, and the limited number of para classes represented at Games, Canada will not participate in the Team Pursuit or the Para-Cycling events.

The key dates for the 2026 Commonwealth Games are as follows:

- Nov. 15, 2025 – Long list submitted to Commonwealth Sports Canada
- March 20, 2026 – Final accreditation deadline for team staff
- May 4, 2026 – Coach panels submit Commonwealth Games selections
- May 8, 2026 – Athletes informed of Commonwealth Games selections
- May 16, 2026 – Appeal deadline for Commonwealth Games selections

- June 18, 2026 – final nomination deadline for the Games
- TBD – Public announcement of Commonwealth Games selections
- July 23, 2026 – Opening of the 2026 Commonwealth Games
- TBD – Track cycling competitions
- Aug. 2, 2026 – 2026 Commonwealth Games close

SECTION B – ELIGIBILITY

SECTION D – GENERAL SELECTION CRITERIA

1. DECISION MAKING AUTHORITY

Selection decisions are made in accordance with the published Specific Selection Criteria by the individuals and groups identified in the criteria. The process is outlined below.

Cycling Canada Selection process:

* The composition of each Coach Panel is posted on the CC website

** Selected athletes and alternates are informed by CC staff by email; all other athletes are informed by publication of the selection decision

*** For Major Games CC must coordinate any public announcements with the relevant Multi-sport Organization so it may not be possible to immediately publish selection decisions. In these cases all eligible athletes will be contacted directly regarding their selection status before any public announcement.

These criteria are duly constituted by CC coaches and staff and are reviewed and approved according to the process below.

Cycling Canada selection criteria development process:

* Major Games selection criteria must also be reviewed and approved by the relevant MSO (Canadian Olympic Committee, Canadian Paralympic Committee, or Commonwealth Sport Canada).

** Any feedback will be incorporated into the final version at the discretion of CC and with the approval of the HPC. Subsequent changes to the final version will only be made to correct errors or to reflect changes in the competition calendar or to National Team programming.

Once the published selection date has passed, if athletes withdraw or decline selection, they may be replaced at the discretion of the Coach Panel per Section B, Clause 5 of this policy.

Once the competition has started, all final decision-making authority will reside with the designated team leader. The starting composition for team events shall be determined on site by the coach of that event.

2. INTERNATIONAL FEDERATION (IF) CRITERIA

The maximum size of Canada's delegation and eligibility requirements will be determined by the quotas and/or qualification system imposed by the International Cycling Union (UCI).

3. OTHER FACTORS THAT MAY BE CONSIDERED IN SELECTION

In addition to the Specific Selection Criteria, selection may require subjective assessment that takes into consideration one or more additional factors at the discretion of the Coach Panel. Factors that can be objectively measured are preferred, and the Coach Panel may only consider factors that are relevant to the event athletes are being nominated for and that that can be applied to all athletes being considered for a given position on the team.

Any assessment using Other Factors must be fully documented by the Coach Panel, with supporting evidence. In the event of an appeal, this information will be shared with all parties to that appeal.

4. EXTENUATING CIRCUMSTANCES

In considering the performances and results of athletes at events, trials, training camps or other attendances required under this Policy, the selection committee may, at its discretion, give weight to extenuating circumstances in accordance with this Policy.

For the purposes of this Policy, extenuating circumstances means an inability to compete, attend training camps or perform at an optimum level arising from any one or more of the following:

- Injury or illness (documented at the time the incident occurred and accompanied by a certified medical explanation).
- Pregnancy.
- Travel restrictions or delays outside the athlete's control.

Athletes unable to attend events, trials or training camps required in this Policy must advise the DHPS of the extenuating circumstances in writing with as much advance notice as possible, ideally more than seven (7) days prior to the events, trials, or camps.

In the case of injury or illness, athletes are required to provide a doctor's certificate and may be asked to undergo a medical examination by a medical practitioner/s nominated by CC and to provide the opinion and/or report of such practitioner to the DHPS.

The determination of an extenuating circumstance will be made on a case-by-case basis. Such determination will be made by the DHPS and documented appropriately. The acceptance of an extenuating circumstance is not a guarantee of selection.

5. OTHER SELECTION MATTERS

CC reserves the right to enter a larger or smaller team or no team at all in any category for any Event, regardless of the number of athletes who have met the specific selection Criteria, for reasons including, but not limited to, CC's assessment of the athletes' ability to meet the performance objectives; budgetary restrictions; or other factors not

under CC's control. CC will endeavor to notify individuals affected by such a decision as soon as practicable, with the rationale for the decision.

- Additional athletes (up to the maximum number of athletes allowed in the event) may be added to a selection after the Selection Date, at the discretion of the Selection Committee.
- An athlete may be removed from a team in accordance with Clause 7 of this Policy.

6. PERFORMANCE READINESS AND INJURIES

All selections made using these criteria are subject to an assessment of the athlete's performance readiness.

"Performance readiness" is defined as the ability of the athlete to achieve equal or superior performance(s) at the scheduled event, as compared to the performance(s) the athlete achieved in qualifying. The final recommendation on competitive readiness will be made by the relevant coach to the DHPS, using all available information at their disposal including the athlete's results, performances and progress over the selection period; the suitability of the athlete's training and competition plans; the athlete's fitness and other indicators; submitted medical documentation; consultation with the athlete's personal coach; and any other relevant performance related information.

Once selected, athletes who do not maintain performance readiness due to lack of fitness, injury, or illness may be removed from the team at any time per Clause 7 below.

Athletes are required to immediately report any injury, illness, or change in training that could affect their ability to compete at their highest level. Notification must be sent to the relevant coach and to the DHPS.

7. REMOVAL OF AN ATHLETE ONCE SELECTED

An athlete may be removed from selection if she or he:

- Fails to maintain performance readiness as outlined in Clause 6.
- Breaches or fails to comply with this Policy or any term of the CC Athlete Agreement.
- Breaches or fails to comply with:
 - CC National team policy
 - CC Code of Conduct
 - The rules established by the CCES
 - The rules of any event, competition, or activity in which the athlete has been selected to participate
 - Any reasonable instruction or request by the DHPS or National Team Coach
- Brings him/herself, another athlete in the Team, the Team as a whole, an official, CC, or cycling generally, into disrepute.

Removal from the team is subject to the same approvals process as for selection.

CC will advise the affected athlete, in writing, of the decision.

8. CONFLICT OF INTEREST

Anyone with decision-making authority must declare any potential real or perceived conflicts of interest as defined in the Conflict of Interest guidelines on the SDRCC website prior to participating in a selection decision.

This declaration will be reflected in the meeting notes related to the selection decision, and, depending on the conflict of interest, that person may recuse themselves partly or fully from the decision.

In any cases where it is unclear if there is a conflict of interest, the HPC will determine whether recusal is required.

For more information, please see CC's Conflict of Interest Policy, the SDRCC website, and the Coach Panel document.

9. AMENDMENTS & UNFORESEEN CIRCUMSTANCES

In situations where unforeseen circumstances do not allow the selection process to be fairly and objectively applied, the DHPS, in consultation with the HPC, reserves the right to rule on an appropriate course of action.

10. APPEALS

Any selection decisions by CC may be appealed in accordance with the procedures set out in the CC Appeals Policy, published on the CC website. Appeals may also be brought directly to the SDRCC with the consent of all parties.

11. STAFF SELECTION (Coaches, Team Leaders)

The CSO and DHPS or delegates have sole discretion in selecting the support staff, including coaches, for National Team projects. Support staff will be selected on the principle of supporting athletes to achieve the stated performance targets.

12. FUNDING

Athletes attending CC National Team projects may be required to make a reasonable contribution to the cost of each project. These amounts are calculated based on the Athlete Fees Policy published on the CC website. Please note that Podium Pool athletes are exempt from project fees.

Self-funding accounts for less than 5% of high performance revenue but helps CC deliver more effective programming to a broader group of athletes.

13. CONTACT
