GENERAL INFORMATION

This document lays out the criteria Cycling Canada (CC) will use to select athletes to the Canadian team for international BMX Race projects.

Athletes must meet all Eligibility Criteria in sections B and C to be considered for selection.

Selection decisions are based on the Specific Criteria in Section D.

Unless expressly stated in the Specific Selection Criteria, selections are subject the General Selection Criteria published on the CC website.

SECTION B – ELIGIBILITY CRITERIA

To be eligible for selection to the Canadian team, an athlete must:

- Be a Canadian citizen.
- Have competed in the most recent Canadian BMX Race Championships, or have a valid exemption (see National Championships Attendance Policy on the CC website)
- Have a valid Canadian passport that does not expire before the date required by the consular authorities of the country in which the event is being held.
- Be in compliance with all relevant CC and UCI requirements for eligibility.
- Hold a valid UCI license indicating nationality as Canadian.
- Sign, submit and comply with the CC National Team Agreement.
- Have completed all relevant UCI, WADA and CCES anti-doping requirements.
- Have signed the consent form agreeing to be bound by the Universal Code of Conduct to prevent and address Maltreatment in Sport (UCCMS).
- Minors must have parental permission to participate in training programs and competitions.

Additional eligibility requirements may be detailed in the Specific Selection Criteria below.

SECTION C – EVENTS CONSIDERED FOR SELECTION

Selections will only consider results from the events cited in this policy unless other results are required to exercise Coach Panel discretion.

All results must be top half of the field unless otherwise specified. Field size is calculated based on the number of entrants in the official results on the UCI website, including athletes listed as DNS, DNF and DSQ.

In cases where the field is restricted because of qualification processes or other types of entry restrictions, the number of entries in the qualification process may be taken into consideration.

Unless otherwise specified, for the purposes of this policy, results will include all athletes, not only those who applied for selection.

At the sole discretion of the Coach Panel, equivalent results in non-UCI events may be considered for selection, provided the athlete has previously demonstrated the appropriate level of skill to compete safely in the event being selected for. Selections based on equivalent results will be assessed on a case-by-case basis considering:

- the level of the event the result was achieved in;
- the depth of field of the competition the result was achieved in; and
- the athlete's demonstrated experience and skill in the discipline being selected for.
